

Annual Web Access Plan | Message Center 360

Developed specifically for law enforcement agencies, the Annual Web Access Plan gives users more remote access and capabilities, including remotely downloading radar data and controlling a message board's functionality without sending officers to the device. This time-saving option is now available with all Stalker Message Center 360 Variable Message Sign models.

Retrieve and download radar data in webpage interface or download to Stalker software

Change pre-programmed trigger messages remotely

Switch radar modes from "normal" to Police mode
