

# Annual Web Access Plan | Message Center 360

Developed specifically for law enforcement agencies, the Annual Web Access Plan gives users remote access capabilities, including downloading radar data and controlling a message board's functionality without the need to send an officer out to the device. This time-saving option is available for all Stalker Message Center 360 Variable Message Sign models.

Retrieve and download radar data in webpage interface for use by Stalker software

Change pre-programmed trigger messages remotely

Switch radar modes from "normal" to Police mode
