

Rotatable Speed Awareness Monitor

SAM-R

The Stalker Street Dynamics' SAM-R trailer takes all of our most-requested speed trailer features and puts them into one efficient, versatile, heavy-duty package.

STREET DYNAMICS

Tow the lightweight trailer anywhere, park in any orientation, then easily rotate the display to face oncoming traffic.

Right Where You Need It

SAM-R in towing mode

It's a versatile, lightweight speed alert trailer rugged enough for continuous duty.

The Stalker Street Dynamics Rotatable Speed Alert Monitor (SAM-R) features 18-inch amber LED characters that are visible at up to 1,000 feet. A convenient hand-held controller, K-Band Doppler radar, and an 8-10 day battery round out its standard configuration.

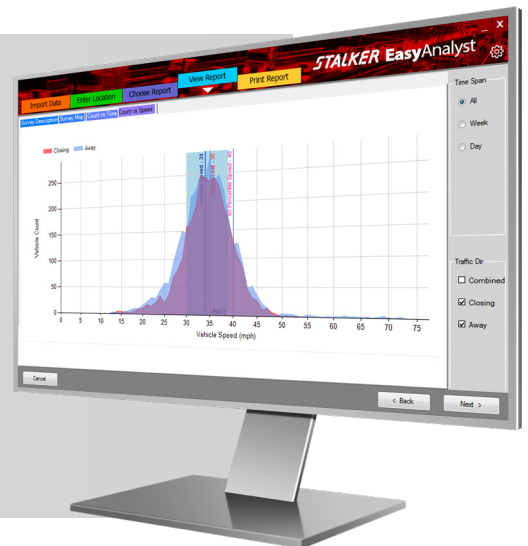

Its rotating display and small footprint make towing and deployment easy enough for one person.

Collect Traffic Data

Analyze valuable traffic statistics with the optional Stalker Easy Analyst traffic analysis package by utilizing your SAM-R radar speed trailer's capability to collect both approaching and receding traffic data.

Easily transfer data via USB to the Stalker Easy Analyst software to create custom-branded reports, charts, and graphics in just a few clicks.

Perfect for law enforcement, municipalities, schools, HOAs, grant-writing entities, and more.

STREET DYNAMICS**

Included:

Fast, Long-Range Radar

The SAM-R features a Stalker Radar Sensor II K-Band radar, which offers greater range, sensitivity, and tracking when compared to competitive signs' radars.

Solar/Battery Power

Top-mounted solar panels recharge a day's worth of battery use with only 2.5 hours of bright sunlight, while our Group 27 12-Volt batteries provide 8-10 days of continuous operation, yielding longer operational time in reduced sunlight times.

2 Year Limited Warranty

We stand behind the craftsmanship of our products.

Dedicated Hand-Held Controller

Complete programming and diagnostic functions in the palm of your hand.

Optional:

Programmable LED Violator Alert Strobes

High-powered LED Violator Alert Strobes flash to warn motorists when they have exceeded a predetermined speed. Three (3) different user-programmable settings with your choice of blue/red or white/white.

Traffic Data Collection

Gather valuable traffic data, then create reports, charts, and graphs in just a few clicks. Download as a PDF to print or share with law enforcement, city planners, grant writers, and more.

Additional Group 27 Battery

Trailer Features:

- Graffiti-resistant paint
- All-steel trailer
- Four stabilizing/leveling jacks

Available Accessories:

- Spare Tire
- Wheel Lock
- Coupler Lock
- Wheel Jack

Additional Option:

Flashing Strobes
